

# PRIVACY POLICY AND TERMS OF USE

Petra's Magical Animal Connections keeps your personal information and details about you and your pet confidential. At no time will your personal information and information pertaining your session be shared with a third party.

## Animal Communication - Health and Behavioral Issues

Not all pets will share health and behavioral issues with me and sometimes a pet may have a health issue that is not perceived to be an issue to them, therefore the pet may not communicate the health issue to me. A body scan is only conducted during 30 min sessions, and a pet only shares or highlights areas of pain and discomfort if they agree to share this information with me. While I will share all information that your pet communicates through me, please bear in mind that this information is from the perspective of your pet and you must consult your veterinarian in order to receive a proper diagnosis and make informed decisions regarding your pet's health. While I address behavioral issues, animal communication does not fix or cure behavioral issues, but solely provides you with a better understanding about why a behavioral issue is showing up and provides you with your pet's perspective. A trainer may still have to be consulted in order to assist with any behavioral issues. All information I receive from your pet may change in any instant as it is information of that moment and time, and it is not meant to cure or diagnose your pet's health or behavioral issues.

## Energy Healings

Energy Healings do not replace conventional medicine but rather complements conventional medicine. Energy and Spiritual Healings are a complimentary form of alternative treatment and I am not a medical doctor or psychiatrist. Do not substitute Energy Healings for life saving western medicine. If you or your pet's symptoms persist, a medical doctor or veterinarian is to be consulted immediately.
